Your Pet Insurance - Terms and Conditions

These Terms and Conditions explain your pet’s cover. Your policy may not include the Death from Injury and/or Death from Illness sections of cover. These are only included if they’re shown on your Certificate of Insurance. Third Party Liability applies to all dogs, unless it has been specifically excluded from your dog’s cover. It’s important that you check your pet’s cover and exclusions and contact us as soon as possible if it’s not as expected.

These Terms and Conditions are part of your insurance contract. The other parts are your Certificate of Insurance and your insurance application. To understand exactly what your insurance contract covers you must read your Certificate of Insurance and Insurance Product Information Document, together with these Terms and Conditions.

General conditions that apply to all sections of your policy

You must keep to these conditions to have the full protection of your policy. If you do not, and the condition you have not kept to relates to a claim, we can refuse the claim.

1. Precautions
   Throughout the policy year you must take all reasonable steps to:
   • Maintain your pet’s health.
   • Provide a secure and safe environment for your pet to prevent injury, illness, theft or straying.
   • Control your pet to prevent injury to a person or another animal and damage or destruction to any property.
   If we state that you have not taken reasonable steps and you disagree, you can request that we appoint a mutually agreed independent national welfare organisation or vet for their opinion. If you ask for this, you agree to accept the independent opinion and we will do the same. We will pay any costs relating to this.

2. Providing routine care – what you need to do
   You must make sure the following care is provided for your pet:
   • Dental care – your pet must have a dental examination by a vet at least once every 12 months. Any treatment recommended as a result of this examination must be carried out within 6 months of the examination taking place.
   • Preventative actions – you must take any actions normally recommended by a vet to prevent or reduce the risk of injury/illness.
   Examples of this are (but not limited to) regular worming and flea treatments and ensuring your pet is a healthy weight.
   • Vaccinations – your pet must be kept vaccinated against:
     For dogs – distemper, hepatitis, leptospirosis and parvovirus.
     For cats – feline infectious enteritis, feline leukaemia and cat flu.
   If not, we will not cover any amount for the illness which has not been vaccinated against.

3. Providing timely veterinary attention
   If your pet is unwell and shows symptoms of an injury/illness:
   • You must arrange for a vet to examine and treat your pet as soon as possible. If there is a delay in arranging veterinary treatment and we believe this resulted in additional costs, we will not pay the additional costs.
   • You must follow any advice the vet gives. If you do not and we believe this resulted in additional costs, we will not pay the additional costs.
   If we state your actions resulted in additional costs and you disagree, you can request that we appoint a mutually agreed independent vet for their opinion. If you ask for this, you agree to accept the independent opinion and we will do the same. We will pay any costs relating to this.

4. Ownership of your pet
   You must be the owner of your pet. Your cover will stop immediately, if:
   • The pet detailed on your Certificate of Insurance is not owned by you.
   • Ownership is transferred to another person or organisation.

5. Where you and your pet live
   a) Your and your pet’s home must be in the UK at the address shown on your Certificate of Insurance. The only exception to this is serving members of the UK Armed Forces with a British Forces Post Office (BFPO) address.
   b) If your address, or the address of your pet, changes you must tell us as soon as possible as this can affect your premium and the cover we provide.
   c) Your pet’s cover can be affected if you provide incorrect information about where you or your pet live.

6. If your pet was unwell before your cover started
   Your policy does not cover any injury that happened, or any illness that showed symptoms, before your cover started, unless we confirm the pre-existing condition is covered in line with the approach explained in the ‘Pre-existing Conditions and Exclusions’ section on page 8. You need to read this to understand your pet’s cover.

7. If your pet shows symptoms of an illness in the first 14 days of his/her cover
   Your policy does not cover any illness that shows symptoms in the first 14 days of your pet’s cover starting. This 14 day timeframe does not apply to the start of any renewal year. Cover for illness and injury at renewal is continuous from the previous policy year. For further details please read the definition ‘Illness which starts in the first 14 days of cover’ and point 5 in Conditions for Veterinary Fees and Complementary Treatment.

8. If your pet is not in your possession when the policy is taken
   If your pet is not yet in your possession or he/she is missing when you first take your policy, the cover under this policy will not start until you take possession or are reunited with your pet. Any incident, injury or illness which occurs before you take possession or are reunited will not be covered by your policy.

9. Providing information
   You agree:
   • To give us any information and documents we ask for to administer your policy and deal with your claim.
   • That any vet or therapist who you have consulted with about your pet has your permission to give us any information we ask for about him/her.
   If a charge is made for this, you must pay the charge.

10. Paying your premium
    a) Your pet is only covered under this policy if you pay the premium. If you pay by Direct Debit instalments and you miss an instalment, you must pay the outstanding amount within the timescales stated in the reminders we send you. If you do not, we will cancel your policy back to the last day you have paid for cover. All cover for your pet will stop from that date and no further claims will be paid.
    b) When we settle your claim, if there are any premiums overdue, we can deduct the outstanding amount from the claim payment.
11. Renewing your policy
Your policy is in force for 12 months providing you continue to pay your premium. Every 12 months you need to renew this insurance contract to continue with your cover. We will contact you before your renewal date with full details of your premium, excesses, policy coverage and Terms and Conditions for the next policy year.

- If you pay your premium by Direct Debit instalment - when your policy is due for renewal we will renew it for you automatically. If you do not want to renew your policy you need to let us know before your renewal date.
- If you pay by any other means - you need to confirm you want to renew your policy and arrange to pay your premium. You can do this by contacting us or making payment through our online self-service area at my.petplan.co.uk.

12. The changes we can make at the renewal of your policy
a) At renewal of your policy we can change the:
   - Premium.
   - Excesses that you pay, and/or
   - Terms and Conditions of your policy.
   We will always tell you before your renewal date of any changes so you can consider if your policy still meets your needs.

b) For dogs, at renewal we can limit or remove Third Party Liability cover based on a review of your dog’s behaviour. For example (but not limited to) any aggressive tendencies shown, any incidents where your dog has caused injury to a person/another animal or any health conditions which can affect how your dog behaves. Third Party Liability cover is not provided for any cat.

13. The changes we can make during the policy year
We will only change the cover we provide for your pet during the policy year, if:
- You decide to change your pet’s cover.
- You did not tell us about something when we previously asked.
- You provided us with inaccurate information when previously asked, regardless of whether or not you thought it was accurate at the time.

To understand when we may add or remove exclusions during the policy year, you need to read the ‘Pre-existing Conditions and Exclusions’ section on page 8.

We will only change your premium during the policy year, if:
- We find out we had inaccurate information about your pet that affects the premium.
- Your address changes and this affects the premium we charge.

Any other changes will only be made to your policy at renewal.

14. Keeping us informed of certain information
Throughout your policy you need to tell us about certain information. The things you need to tell us about are detailed in your Certificate of Insurance and it’s important you check any new documents we send to understand the information we need. If you do not provide us with the full and accurate information it can result in a claim not being paid or affect the cover we provide.

15. Changing your pet’s cover
If there are plans with a higher level of cover available and you want to change your pet’s cover to one of these, you can apply at the renewal of your policy. The increase is not guaranteed and we will let you know if we can offer the higher plan once we have reviewed your pet’s veterinary history. If you want to change to a lower level of cover, you can contact us at any time to discuss available options.

16. If you are a member of veterinary staff
If you are a vet or registered veterinary nurse, you can treat your own pet but if you want to claim, you will need to provide the relevant clinical notes to evidence the veterinary treatment provided and another vet or registered veterinary nurse must countersign the claim form.

17. Claim decisions over the telephone
We will not guarantee on the phone if we will pay a claim. Once we have received a fully completed claim form and all of the supporting information, we will assess your claim and only then will we be able to let you know if we will pay the claim. Information about making a claim can be found on page 22.

18. Other insurances
We will not make any payment for any claim that results from an incident covered by any other insurance. If there is any other insurance under which you are entitled to make a claim you must report the incident to that insurance company and tell us their name and address and your policy and claim number with them.

19. Legal rights against another person
If you have any legal rights against another person in relation to your claim, we can take legal action against them in your name at our expense. You must give us all the help you can and provide any documents related to the claim that we ask for.

20. Cover outside of the UK
a) All sections of your policy provide cover when your pet is in the UK; the following sections also provide cover when your pet is outside of the UK in the EU - Veterinary Fees, Advertising and Reward, Emergency Repatriation, Quarantine Expenses and Loss of Documents and Holiday Cancellation. For these sections, your pet is covered outside the UK for 90 days in each policy year. If your pet will be outside the UK for longer than this you must let us know as soon as possible as this can affect the cover we provide.

b) When your pet is travelling to and from the UK and the EU, you must follow the conditions of the EU Pet Travel Scheme (PETS). Full details of the EU Pet Travel Scheme (PETS) can be found on the UK government website www.gov.uk or you can call the Pet Travel Helpline on 0370 241 1710. It’s important that you check the gov.uk website or contract your vet at least four months before travelling to get the latest advice.

c) You must not take your pet outside of the UK if a vet has advised against it. If you do, your pet will not be covered when outside of the UK.

d) When your pet is outside of the UK if any government or public authority puts restrictions on him/her, we will not pay any costs relating to this.
e) All claim forms and supporting documentation must be written in English. It is your responsibility to provide this and to pay for any translation costs. When you claim we will need a copy of the original along with the translation.

f) If your pet moves out of the UK to live in another country you must tell us as soon as possible. Your cover will stop on the day your pet leaves the UK.

g) Any claims costs will be paid in Pounds Sterling based on the mid-market exchange rates in use at the time the costs were incurred.

21. Law and language
Unless we agree otherwise:
• The laws of England and Wales apply to this insurance contract.
• The language of the policy and all communications relating to it will be in English.

22. When you can cancel your policy
You can cancel your policy at any time. If you cancel this policy in the first 14 days:
• Of your first policy year - we will refund all of the premium you have paid.
• After your renewal date - we will refund any premium you have paid for cover after that renewal date.
If you cancel at any other time, we will refund any amount you have paid for cover after the cancellation date.
You can find our contact details on the back of this booklet.

23. When we can cancel your policy
a) We can cancel your policy if you do not pay your premium when due. For details on this please read point 10 in this section - ‘Paying your premium’.

b) We can cancel your policy at any time if:
• You have been dishonest or fraudulent in any dealings with us, or
• Your vet or a welfare organisation informs us that you have been negligent towards your pet. We will give you notice in writing to the address on your Certificate of Insurance and refund any amount you have paid for cover after the date we received the information that led to our decision to cancel.

24. Cover following cancellation of a policy
a) If a section of cover is removed from your policy (by you or us) all cover in that section stops on the date the section is removed.

b) If your policy is cancelled or comes to an end for any reason, all cover for your pet will stop on the date the policy is cancelled/ends and no further claims will be paid. If you want us to continue to cover an illness or injury up to the limits on your policy, you must continue paying your premiums during this time.

Pre-existing Conditions and Exclusions

What is a pre-existing condition?
This is when your pet was unwell or had symptoms before your cover started with us. Any injury that happened, or any illness that showed symptoms, before your pet’s cover started will be classed as a pre-existing condition.

Some examples:
• Your pet was diagnosed with diabetes before your policy started, the diabetes is a pre-existing condition.
• Before your policy starts, your pet was limping and the vet decided to carry out some tests. In the meantime, you start a policy with us. The tests are carried out and they find your pet has arthritis. This arthritis is classed as a pre-existing condition as the symptoms were shown before your pet’s policy started.

It’s important to read our definition of ‘Pre-existing condition’ on page 5 as this will be used to assess any claims you submit to determine if a condition is pre-existing.

Are pre-existing conditions covered by the policy?
We want to be clear at the start of your policy what we will cover so there are no surprises in the event of a claim. This is why it’s important that you tell us everything you know about your pet’s health when we ask during your insurance application. We can then determine if your pet has any pre-existing conditions and if we can provide cover for these.

When you tell us about your pet’s pre-existing conditions, there are three possible outcomes.
• We won’t be able to cover the pre-existing condition, or
• We may be able to cover the pre-existing condition in the future, or
• We will cover the pre-existing condition.

1. We won’t be able to cover the pre-existing condition
If the pre-existing condition is likely to affect your pet for the rest of his/her life (such as arthritis), we aren’t able to cover costs for that condition at any point in the policy. When this happens, we place a permanent exclusion on your pet’s cover for the pre-existing condition and any related conditions. Any claims for an illness, injury or incident that falls under the exclusion will not be covered.
<table>
<thead>
<tr>
<th>2. We won’t be able to cover the pre-existing condition now but may be able to in the future</th>
<th>Sometimes we can’t cover a <strong>pre-existing condition</strong> as part of a policy immediately. When this happens, we place a temporary exclusion on <strong>your pet’s</strong> cover for the <strong>pre-existing condition</strong> and any related conditions. While the exclusions remain on the policy, we won’t provide any cover for any claim that results from an <strong>injury</strong>, <strong>illness</strong> or incident that falls under the exclusions. However, we’re happy to remove the exclusions if certain criteria has been met. For example (but not limited to), <strong>your pet</strong> has been clear of any <strong>symptoms</strong> for a set timeframe, which indicates they are unlikely to suffer the <strong>injury</strong>, <strong>illness</strong> or <strong>symptoms</strong> again. Once the exclusion is removed, <strong>your</strong> policy will cover the conditions which were excluded.</th>
</tr>
</thead>
<tbody>
<tr>
<td>3. We will cover the pre-existing condition</td>
<td>If we believe the condition is fully resolved and unlikely to happen again, we won’t place any exclusion. This means <strong>your</strong> policy will cover the <strong>pre-existing condition</strong> if <strong>your pet</strong> suffers the same <strong>injury</strong>, <strong>illness</strong> or <strong>symptoms</strong> again.</td>
</tr>

### Exclusions that can apply to the cover for your pet

| What is an exclusion? | An exclusion specifies what is not covered for **your pet**, when it would usually be covered under **our** policies. It may refer to one or more health conditions, an entire part of **your pet’s** body or an incident. For example, a policy covers **veterinary treatment** for diabetes, however, due to a pet’s pre-existing diabetes, exclusions can be placed for any related conditions. This would mean, any claims that fall under these exclusions would not be covered. The Terms and Conditions combined with any exclusions clearly show what **your** policy will not cover. |
| Where are exclusions shown? | Any exclusions on **your pet’s** cover are printed on **your** Certificate of Insurance, in the ‘Exclusions and Clauses’ section. |
| When are exclusions placed? | **For pre-existing conditions** Exclusions are placed at the start of **your** cover and will be based on **your pet’s** **veterinary history** and **your** answers to **our** questions. However, if at some time later, we find out that when answering **our** insurance application questions, **you** didn’t tell **us** about something or **you** provided **us** with inaccurate information (even if **you** thought it was accurate at the time), **we** will place exclusions at that time. In these cases, any exclusions will be placed back to the start of **your** policy. **For Third Party Liability** **We** can limit or remove **Third Party Liability** cover from the start of **your** policy based on **your pet’s** veterinary and behavioural history. **We** can also do this at renewal, please read point 12 in **General Conditions** for more details. |
| Are exclusions permanent? | Exclusions can be permanent or temporary. This is explained above in ‘**We won’t be able to cover the pre-existing condition**’ and ‘**We won’t be able to cover the pre-existing condition now but may be able to in the future**’. |
| How do I know if my pet’s exclusions are temporary or permanent? | If we haven’t explained this to **you** already, or if **you** would like to understand this more please contact us. We’ll then explain if **your** exclusions are permanent or temporary and if temporary, the criteria that needs to be met to have them removed. |
| Will we automatically remove a temporary exclusion? | To remove a temporary exclusion, **we** need confirmation that **your pet** has met **our** review criteria, for example, whether he/she been clear of any **symptoms** for the required timeframe. If **we** receive a claim for a condition that falls under an exclusion, **we** will review **your pet’s** **veterinary history** to determine whether the exclusion can be removed. For all other exclusions, **we** can’t automatically remove these as **we** won’t know when **our** review criteria has been met. When **you** feel the criteria has been met, **you** can send **your pet’s** up to date **veterinary history** to underwriting@petplan.co.uk and **we** will let **you** know if the exclusions can be removed. If **we** need any further information, **we** will let **you** know. |
Cover

At Petplan, we’re proud of the insurance we provide for pets – in fact, our reputation for first class cover is one of the reasons we’re trusted by more pet owners to insure their pet’s than any other provider. Providing you pay your premium when due, we will provide cover for the following sections if they are shown on your Certificate of Insurance.

**Veterinary Fees**

Cover in this section applies when your pet is in the UK and the EU

*What we will pay*

The cost of veterinary treatment your pet has received during the policy year to treat injury and illness.

This section also covers treatment of a behavioural illness and physiotherapy needed to treat injury and illness (for the purpose of this insurance, physiotherapy does not include any form of hydrotherapy).

**Complementary Treatment**

Cover in this section applies when your pet is in the UK only

*What we will pay*

The cost of any examination, consultation, advice, test and legally prescribed medication for the following, when carried out for your pet during the policy year, to treat injury and illness:

- Acupuncture
- Chiropractic manipulation
- Herbal medicine
- Homeopathy
- Hydrotherapy – we will cover 10 sessions for each injury and illness. You must read point 3 on page 11 to understand this session limit.
- Osteopathy

A vet must refer your pet for the treatment and confirm to us when you claim that it is required to treat the injury or illness.

To be covered under the policy, any treatment under either section must be carried out by a person holding certain qualifications or membership of certain organisations. Full details can be found on page 13 in ‘Who needs to carry out treatment in the Veterinary Fees and Complementary Treatment sections’.

**Our Covered For Life® promise**

You have chosen a Covered For Life® policy, which means we will provide ongoing cover for illnesses and injuries, year after year. To benefit from this ongoing cover you must continue to pay your premium and renew your policy each year (without any break in cover). Your policy provides an amount of money in each policy year for you to claim for all illnesses and injuries. This is called the maximum benefit. You have one maximum benefit for Veterinary Fees and a separate maximum benefit for Complementary Treatment. The amount you can claim for each section, in each policy year, is shown on your Certificate of Insurance. Every 12 months, if you renew your policy, the maximum benefits are replenished and you will again have the full amounts to claim from in the next policy year. If your cover is cancelled or stops for any reason (including when the premiums are not paid), all cover for your pet will end and no further claims will be paid.

*What you pay – your excess*

Both the Veterinary Fees and Complementary Treatment sections have excesses. The excesses are the amounts you pay when you claim and these are deducted from your claim settlement(s). The excesses you pay under these sections are explained on your Certificate of Insurance.

*What we will not pay under Veterinary Fees and Complementary Treatment*

1. The cost of any treatment for a pre-existing condition, unless we confirm the pre-existing condition is covered in line with the approach explained in the ‘Pre-existing Conditions and Exclusions’ section on page 8.
2. The cost of any treatment for an illness which starts in the first 14 days of cover.
3. The cost of any treatment to prevent injury or illness.
4. The cost of any treatment, diagnostic or procedure that you choose to have carried out, which:
   - The vet confirms is not necessary, or
   - Is not related to an injury or illness.
   We will also not pay for any complications that arise from these treatments/procedures.
5. The cost of killing and controlling fleas and the cost of general health improvers (examples of health improvers include but are not limited to, vitamin tablets or fish oil supplements).
6. The cost of any treatment in connection with breeding, pregnancy or giving birth.
7. The cost of treating any injury or illness deliberately caused by you or anyone living with you or, anyone travelling on a journey with you.
8. The cost of any veterinary treatment:
   - If your pet has had more than 2 episodes of false pregnancy.
   - In connection with spaying following a false pregnancy.
9. The cost of surgical items that can be used more than once.
10. The cost of a post-mortem examination and/or report.
11. The cost of transplant surgery, including any pre- and post-operative care.

we

13. These sections also explain limitations and areas the policy does not cover.

Conditions for Veterinary Fees and Complementary Treatment

You must keep to these conditions to have the full protection under these sections. If you do not, and the condition you have not kept to relates to a claim, we can refuse the claim.

1. Timescales for making a claim

You must send us your claim no later than one year after your pet received treatment. Any claims we get after this time will not be covered by the policy. If treatment is ongoing you must make sure that claims are sent to us at least once every 12 months.

2. The costs relating to putting your pet to sleep

Your policy covers the cost of putting your pet to sleep, providing it is carried out as he/she was suffering due to an injury or illness that the vet believes could not be treated. If your pet is put to sleep for any other reason, including (but not limited to) aggression or behaviour, these costs will not be covered. Your policy does not cover the cost of having your pet cremated, buried or disposed of.

3. The number of hydrotherapy sessions you can claim for

We will pay for 10 sessions of hydrotherapy for each separate illness or injury. Once this session limit has been reached, all cover for hydrotherapy for that illness/injury ends and the policy will never cover any further sessions. This is the case, regardless of whether the hydrotherapy for that illness/injury takes place in the same, or future policy years.

4. The maximum benefit that we will pay

Please read ‘Our Covered For Life promise’ on page 10 to find out more about information about the maximum benefit. The most we will pay for the cost of treatment is the maximum benefit that applies on the date the treatment is carried out. If the claim includes medication, the cost of the medication will be taken from the maximum benefit that applies on the date the medication will be used.

5. An illness that starts in the first 14 days of your pet’s cover

If your pet suffers from an illness in the first 14 days of your pet’s first policy year, any costs relating to that illness will not be covered by your policy. If, at a later time (days, weeks, months or years) an illness with the same diagnosis presents in the same or different parts of your pet’s body, we will not cover any costs to treat that illness. This is regardless of whether your vet confirms the past and current illnesses are, or are not, linked. For example (but not limited to), if your pet develops a cataract in his/her left eye in the first 14 days of the first policy year, that cataract is not covered and the policy will also not cover any other cataracts which develop in either the left or right eye.

6. The cost of dental treatment

We will cover the treatment of a dental injury or illness if:

- Your pet had a dental examination by a vet in the 12 months before the first symptoms of the injury or illness were seen, and
- Any treatment recommended as a result of the last dental examination was carried out within 6 months of the examination taking place.

We will not cover a scale and polish in routine or preventative circumstances.

7. The cost of feeding your pet

We will only cover the cost of food for the below two reasons:

- If a diagnostic test shows your pet has stones and/or crystals in his/her urine we will pay for the cost of food to dissolve these. We will cover 40% of the cost of the food for a) up to 6 consecutive months, or b) until a diagnostic test shows the stones/crystals have dissolved, whichever happens first. After this time, if the stones/crystals have not dissolved in full or they recur, the cost of any further food will not be covered by your policy.
- If your pet needs liquid food while hospitalised at a veterinary practice, we will cover the cost of this for 5 days providing the vet confirms it is essential to keep your pet alive.

We will not cover the cost of any other food and this is regardless of whether or not the food was prescribed by a vet.

8. Another vet reviewing your pet’s details

We can refer your pet’s veterinary history to a vet that we choose and if we request, you must arrange for your pet to be examined by this vet. We will pay any costs for this.

9. If you claim over £36,000 during your pet’s life

As your pet is insured on a Covered For Life plan, we fully appreciate that the amount you claim can add up over the years – that’s what is great about Covered For Life, you can continue to claim for the life of your pet (providing you continue to pay your premium and renew your policy without a break in cover). If over the life of your pet you have claimed over £36,000, to make sure your pet is receiving the best treatment available, we can require one or more of the following:

- Before any further Veterinary Fees or Complementary Treatment claims are considered, your pet needs to be examined by a specialist/consultant vet that we choose. We will pay any costs for this.
- All future veterinary and complementary treatment (other than emergency life-saving treatment) needs to be authorised by us before treatment is carried out. A pre-authorisation claim form needs to be submitted and we will then let you know if we will pay for the cost of treatment.
- All future veterinary and complementary treatment needs to be carried out in conjunction with a specialist/consultant vet or therapist that we choose.

If any of these are necessary we will contact you.
10. The cost of house visits
   a) We will cover a house visit if this is needed for the treatment of a behavioural illness. In all other cases, we will only cover a house visit, if this is by a vet and:
   - Your pet was suffering from a life-threatening injury or illness, and
   - That moving your pet was likely to have resulted in his/her death or significantly worsened the life-threatening injury or illness.
   We will not cover any costs if the house visit was needed because of your personal circumstances. The attending vet needs to confirm all of the above when you claim.
   b) We will cover the costs of treatment provided by a mobile vet or therapist, but we do not cover their travel costs. When we receive a claim from a mobile vet or therapist, if the travel costs are not separated from the consultation fee, we will cover 60% of the consultation fee.

11. The cost of out of hours treatment and hospitalisation
   We will only cover the cost of your pet being:
   - Treated outside of the veterinary practice usual opening hours, and/or
   - Admitted into the care of a veterinary practice (also known as hospitalisation).
   If there was no option but to take this action as any alternative would have seriously endangered your pet’s life or welfare. We will not cover any costs if this action was needed because of your personal circumstances. The attending vet needs to confirm all of the above when you claim.

12. The cost of procedures you can carry out
   There can be times when a member of a veterinary practice or a therapist asks you to provide treatment for your pet. For example (but not limited to) giving tablets, applying ear drops, taking a urine sample, carrying out physiotherapy etc. If you are not able to carry out the treatment due to your personal circumstances, we will not cover the cost of any other person or professional carrying out the treatment.

13. The cost to neuter your pet
   The only time we will cover the cost of neutering your pet is if it is carried out when your pet is suffering from an injury or illness and neutering is essential to treat that injury or illness. We will not cover the cost of:
   - Spaying following a false pregnancy,
   - Neutering to treat a behavioural illness or
   - Chemical neutering.
   Regardless of why your pet is neutered, if he/she suffers from complications during or after the procedure, we will cover the cost of treatment needed to deal with the complications.

14. The cost to vaccinate your pet
   We will not cover the cost of vaccinations; however, if your pet suffers complications during, or after, a vaccination, we will cover the cost of treatment needed to deal with the complications. This does not apply if your pet must be vaccinated against an illness as part of a compulsory mass vaccination programme, for details of this please see General Exclusions point 2b) on page 21.

15. The cost of bathing and grooming your pet
   We will only cover the cost of bathing your pet if it is done by a member of a veterinary practice and the substance being used, according to manufacturer’s guidelines, can only be administered by a member of a veterinary practice. We will not cover bathing if this is needed because of your personal circumstances. We will never cover the cost of grooming and/or de-matting your pet.

16. The cost of treating a behavioural illness
   We will cover the cost of treating a behavioural illness, which for the purpose of this insurance, is a change to your pet’s normal behaviour that is caused by a mental or emotional disorder. We will not cover any behavioural illness which could have been prevented by training and/or neutering. The treatment must be carried out by a person who fulfils the requirements in ‘Who needs to carry out treatment in the Veterinary Fees and Complementary Treatment sections’ in the ‘Treatment of a behavioural illness’ section on page 14.

17. Pheromone products and other products used to calm and de-stress your pet
   Products can be used to try to calm and/or de-stress your pet. We will only cover products used for this purpose which are pheromone based. We will not cover any other products which do this. Pheromone products mimic natural pheromones, such as the pheromones a mother naturally emits to her young after birth. Examples of pheromone products are (but not limited to) Adaptil and Feliway.
   The cost of pheromone products are then only covered when used as part of a structured behaviour modification programme which is in place to treat a behavioural illness. For the purpose of this insurance, a behaviour modification programme is a programme written by a behaviourist detailing specific techniques to be used and action to be taken with the aim of permanently changing your pet’s behaviour. This programme must be written by a person who fulfils the requirements in ‘Who needs to carry out treatment in the Veterinary Fees and Complementary Treatment sections’ in the ‘Treatment of a behavioural illness’ section on page 14. When this programme is in place, for each separate behavioural illness you can claim for the cost of pheromone products to be used for up to 6 consecutive months. After this time, if the behavioural illness is not fully resolved or it recurs, we will not cover the cost of any further pheromone products for that behavioural illness, either in the same or future policy years.

18. The cost of equipment or machinery
   We will not cover the cost of buying or hiring any type of equipment, machinery, animal housing or cages. These costs are never covered by the policy and this is regardless of whether:
   - A vet advises the item is required as part of treatment for an illness or injury, or
   - The item is required due to your personal circumstances.
   Examples of equipment and machinery are (but not limited to) home glucose monitors, heat pads etc.

19. The cost of artificial body parts
   We will cover the cost of hip, knee and elbow joint replacements. We will not cover the cost of any other prosthesis (also known as artificial body parts) or any costs which are related in any way to any other prosthesis.
20 Administration fees and other charges
We do not cover the cost of any administration fees or other charges. This includes (but is not limited to):
- Fees for the completion of claim forms or claim submission.
- Fees for supplying supporting documentation.
- Late payment fees or interest.
- Any amount over £10 for postage and packaging.
We will deduct these from the claim settlement.

21. Dealing with your veterinary practice
a) If a veterinary practice asks us for information about your insurance cover and we agree to provide it, we will only do this if the veterinary practice confirms they:
- Recently provided treatment for your pet, or
- Have spoken with you about providing treatment for your pet in the near future.
In these cases, we will only tell the veterinary practice if you have an active insurance policy with us for your pet, and if you do – the date cover started, the type of cover in place, the monetary limits of your policy, the excesses you pay and if any exclusions have been placed on your cover.
b) If you have a valid claim, we can usually pay the veterinary practice directly; however, if you ask us to do this, we have the right to decline the request.

22. Complementary and alternative treatments
a) We will pay for acupuncture, chiropractic manipulation, herbal medicine, homeopathy, hydrotherapy and osteopathy under the Complementary Treatment section of cover.
b) We will not pay for any other complementary or alternative treatment other than those we have listed.
c) If your pet needs veterinary treatment to support the treatment noted in a) above, these costs are covered under the Complementary Treatment section of cover. Under the Veterinary Fees section of cover we will not pay for:
- Any complementary or alternative treatment, and/or
- Any veterinary treatment specifically needed to support any complementary or alternative treatment.

23. Veterinary Fees outside the UK
We will only provide cover under the Veterinary Fees section when your pet is outside the UK, in the EU, if:
- A vet believes the treatment cannot be delayed until his/her return home.
- The journey was not made to get treatment abroad.
There is no cover under the Complementary Treatment section when your pet is outside the UK.

Who needs to carry out treatment in the Veterinary Fees and Complementary Treatment sections
This section explains who needs to carry out the different elements within the Veterinary Fees and Complementary Treatment sections of cover. We are not recommending any association and any decision about who provides treatment for your pet should be made by you after discussing with your vet. If you decide to use another therapist than those listed below, the treatment will not be covered by the policy. For everything other than veterinary treatment, acupuncture and homeopathy, if the treatment is not carried out by a vet, we will need confirmation that a vet has referred your pet for the treatment for the injury or illness.

• Dies due to an injury, or
• Has to be put to sleep by a vet as he/she was suffering due to an injury that the vet believes cannot be treated.

If you can’t provide a purchase receipt or rehoming document showing how much you paid or donated for your pet, we will pay the market value or the purchase price/donation amount, whichever is less. If you did not pay for your pet we will pay the market value.

What we will not pay under Death from Injury and Death from Illness

1. More than the maximum benefit shown on your Certificate of Insurance.
2. Any amount if your pet’s death results from a pre-existing condition, unless we confirm the pre-existing condition is covered in line with the approach explained in the ‘Pre-existing Conditions and Exclusions’ section on page 8.
3. Any amount if your pet’s death results from an illness which starts in the first 14 days of cover.
4. Any amount if the death results from breeding, pregnancy or giving birth.

5. Any amount if your pet is put to sleep due to a behavioural illness or problem.
6. Any amount for having your pet cremated, buried or disposed of.

Death from Illness

Cover in this section applies when your pet is in the UK only

The section only applies if it’s shown on your Certificate of Insurance.

What we will pay

The price you paid for your pet if, during the policy year, he/she:

• Dies due to an illness, or
• Has to be put to sleep by a vet as he/she was suffering due to an illness that the vet believes is not curable.

Pet Bereavement Support Service

No one can prepare you for the loss of a beloved pet. Sometimes it helps to talk to someone who understands. The Blue Cross Pet Bereavement Support Service can help. You can call them at 0800 138 6515 between 08:30am and 08:30pm, or email pbssmail@bluecross.org.uk.
Conditions for Death from Injury and Death from Illness

You must keep to these conditions to have the full protection under these sections. If you do not, and the condition you have not kept to relates to a claim, we can refuse the claim.

1. **Timescales for making a claim**
   You must send us your claim no later than one year after your pet’s death. Any claims received after this time will not be covered by the policy.

2. **We will automatically remove the Death from Illness section when your pet gets to a certain age**
   If your pet’s cover includes Death from Illness, this cover will be automatically removed by us at the renewal following a cat’s 10th birthday, a dog’s 8th birthday or if your dog is a select breed, his/her 5th birthday. At this time all cover in this section will stop. Your Certificate of Insurance states if your dog is a select breed.

3. **When you can add or remove the Death from Injury and Death from Illness sections**
   - If your pet is covered on the Classic or Classic plus plan - these sections are optional and if they are included in your cover, you can remove them at any time. If you don’t have these sections of cover, you can apply for them to be added at the renewal of your policy if your pet is under a certain age. This is cats under 10yrs old, dogs under 8yrs old and select breeds under 5yrs old (Your Certificate of Insurance states if your dog is a select breed).
   We will then let you know if these can be added once we have reviewed your pet’s veterinary history. The Death from Injury and Death from Illness sections come as a package and you can only add or remove them both at the same time.
   - If your pet is covered on the Ultimate plan - the sections are automatically included in your insurance and therefore cannot be removed from your cover.

4. **Cover following a claim**
   If we pay a claim under this section, we will automatically cancel:
   - Your policy from the day after your pet’s death, if he/she was the only pet on the policy. We will refund any premium you have paid for cover after this time.
   - Your pet from the policy from the day after his/her death, on a policy with more than one pet. We will adjust any future payments for your policy to reflect this change.

Conditions for Third Party Liability
You must keep to these conditions to have the full protection under this section. If you do not, and the condition you have not kept to relates to a claim, we can refuse the claim.

1. **You must not admit responsibility and/or negotiate**
   You, or anyone acting on your behalf, must not admit responsibility, agree to pay any amount (including any third party vet bills or expenses) or negotiate with any person following an incident.

2. **Telling us about an incident**
   You must call us as soon as possible if:
   - An incident happens which could lead to a claim under this section, for example (but not limited to) if an injury has been sustained or property has been damaged. You must notify us of an incident even if you don’t believe that a claim is being made against you at this time.
   - You, or any other person, are advised of any prosecution, inquest or enquiry which could lead to a claim under this section.
   To tell us about an incident please call our specialist liability team on 01483 218 782. You will need to provide us with a description of the circumstances as well as the details of any other insurance cover that may apply, for example (but not limited to), your home insurance. Please see point 6 in this section.

3. **If you receive any legal documents**
   You must immediately send us any writ, summons or legal documents you receive. You or any other person must not respond to any of these documents.

4. **Helping us with your claim**
   You agree to:
   - Provide us with any information connected with the claim we ask for including details of your dog’s history.
   - Tell us or help us find out all the circumstances of an incident that results in a claim, provide written statements and go to court if needed.
   - Allow us to take charge of your claim and to prosecute in your name for our benefit.

5. **Third Party Liability incidents involving livestock**
   There is a legal requirement for an owner to keep control of their dog on agricultural land to prevent injury, damage or worry to livestock. This means that if you are taking your dog near any livestock, you need to keep your dog on a short fixed lead that is correctly fitted and in good condition.

We will not cover any Third Party incident involving livestock where you have not taken this precaution. For the purpose of this insurance livestock includes (but is not limited to) pigs, poultry and/or any grazing animals such as cattle, sheep, and horses.

6. **Other insurances**
   We will not make any payment for any claim that results from an incident covered by any other insurance. If there is any other insurance under which you are entitled to make a claim you must report the incident to that insurance company and tell us their name and address and your policy and claim number with them.

7. **Changes to your cover at renewal**
   If your dog has been involved in an incident, at renewal we may limit or remove Third Party Liability cover, depending on the circumstances. If there is a change to your cover, we will write to you explaining the change we have made.

8. **Where more than one dog is insured under the policy**
   If more than one of the dogs insured under this policy are involved in, or contribute towards, an incident only one maximum benefit will apply to the incident for all of the dogs. This means that if:
   - The dogs involved all have the same maximum benefit; the most we will pay for the incident is that maximum benefit. For example, if all of the dogs insured each have a maximum benefit of £1million, we will pay no more than £1million for the incident.
   - The dogs involved have different maximum benefits; the most we will pay for the incident is the highest of the maximum benefits. For example, if one dog has a maximum benefit of £1million, and another of £2million, we will pay no more than £2million for the incident.

9. **When another party is being paid to care for your dog**
   If a business or a professional is being paid to care for your dog in any way (for example, but not limited to, a dog minder, a dog walker or a groomer) it is your responsibility to:
   - Make sure the business/person has the appropriate third party liability insurance cover, and
   - Tell them if your dog has any behavioural problems or requires any special handling so they are able to handle your dog in an appropriate manner.

3. Your pet’s travel documentation being lost or stolen,

We will pay:

   If your pet went missing in the 2 days prior to your scheduled departure, before you cancel your holiday, you must take the following steps to try and locate your pet and when you claim you need to send us evidence of this:
   - If you believe your pet has been stolen, you must notify the police and get written confirmation of your report. You must do this prior to your departure or within 24 hours of finding your pet missing, whichever is less.
   - For all dogs, you must contact your local dog warden or council to confirm whether they have your dog.
   - For all pets:

**Claiming**

It’s distressing when a much loved pet is ill or injured so we do all we can to make the claims process as quick and easy as possible. There’s lots of useful information on our website petplan.co.uk/claim. This section tells you what you need to do if you claim. Don’t forget, if you have a valid claim under the Veterinary Fees section we can usually pay the veterinary practice direct.

**How to make a claim**

| Claims for treatment provided by a vet | • Check with your vet to see if they can submit an electronic claim directly to us, this is the fastest way to get information to us.  
• If your vet can’t submit a claim for you, simply fill out the claim form in our online self-service area my.petplan.co.uk. You will need to register to log in and your details will be pre-populated. You can also find the form on our website petplan.co.uk/claim. Once you have filled in the form, we will send the details directly to your vet to complete remaining information required. We will let you know we have received the completed claim form from your vet. |

| Claims for treatment provided by a therapist (not a vet or a member of a veterinary practice) | Please contact us and we will send you a claim form. Our details are on the back of this booklet. |
| Claims under another section of cover | Most other claim forms can be found on our website petplan.co.uk/claim. |
| If you would like us to send you a claim form | Please contact us. Our details are on the back of this booklet. |

**When you need to submit your Veterinary Fees and Complementary Treatment claims:**

You must submit your Veterinary Fees and/or Complementary Treatment claim(s) no later than one year after your pet received treatment. Any claims received after this time will not be covered by the policy. If treatment is ongoing you must make sure that claims are sent to us at least once every 12 months. For all other sections of cover, you can find out when you need to submit a claim by reading the ‘Conditions’ part of that section.

**You need to tell us about any incidents that could lead to a Third Party Liability claim**

If an incident happens that could lead to a Third Party Liability claim you must call to tell us about it as soon as possible. For example (but not limited to) if an injury has been sustained or property damaged. You must do this even if you don’t believe that a claim will be made against you at the time. Details of what you need to do if an incident happens can be found in ‘Conditions for Third Party Liability’ point 2, on page 18.
It’s easy to make a claim with Petplan. All we need is your completed claim along with the supporting documentation listed below. Please make sure your claim is completed fully by both you and if applicable your vet, as we need this information in order to process your claim. If any information is missing, this will delay your claim. Your insurance does not cover any charges made for the completion of claims or the cost of any supporting documentation needed as part of your claim.
